Parti Marijuana Party

Notes to Financial Statements

For the year ended December 31, 2017.

1. Purposes of the Organization

The party officially registered as a political party in Canada on November 6, 2000.

2. Significant Accounting Policies

Accounting estimates:

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Chief Agent to make estimates that affect the reported amounts of assets and liabilities as at the date of the financial statements, as well as reported amounts of revenues and expenses during the reporting period. These estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant.

Revenue recognition:

Monetary contributions are recognized on a cash basis. Non-monetary contributions are recognized at their fair market value when goods or services are received.

Contributed services:

The functioning of the party depends, in a large part, on the volunteer work of members. Because of the difficulty in determining their fair value, contributed services are not recognized in the financial statements.

3. Transfers

None.
