

LEADERSHIP CONTESTANT'S INTERIM CAMPAIGN RETURN (EC 20193)

Introduction

The financial agent for a leadership contestant must complete the *Leadership Contestant's Interim Campaign Return* (EC 20193) when the leadership contestant has accepted contributions of more than \$10,000 in total or incurred leadership campaign expenses of more than \$10,000 during the reporting time period.

The first interim return covers the period from the first day of the contest to the day that is four weeks before the end of the contest. It shall be submitted to the Chief Electoral Officer within one week after the end of the reporting period.

A second interim return covers the period from the day after four weeks before the contest ends to the day that is one week before the contest ends. The second return shall be submitted no later than two days before the end of the contest.

If a leadership contestant were to reach the threshold for contributions or expenses after the day that is four weeks before the end of the contest, only one interim return would have to be submitted and would cover the period from the first day of the contest to the day that is one week before the end of the contest. The return shall be submitted no later than two days before the end of the contest.

This return contains three parts:

- Part 1 – Declaration
- Part 2 – Inflows
- Part 3 – Outflows

Part 2a. Statement of Contributions Received

Part 2a lists all contributions received by the campaign that have not been returned. For contributors whose total monetary and non-monetary contributions are greater than \$200, the full name and address must be recorded. For contributions from contributors whose total monetary and non-monetary contributions are \$200 or less, the grand total of monetary and non-monetary contributions must be recorded, along with the total number of contributors. For anonymous contributions of \$20 or less, the grand total of monetary and non-monetary contributions must be recorded, along with the total approximate number of anonymous contributors.

1. For contributors making total contributions greater than \$200, enter the following for each contribution:
 - the full name and address of the contributor
 - the date received using the format yyyy/mm/dd
 - the monetary or non-monetary contribution amount
 - in the last row for the same contributor, the total amount in Column 3 for that contributor

For example, in the case of a contributor who made three separate contributions – a \$75 monetary contribution, a \$125 monetary contribution and a \$75 non-monetary contribution, for a total of \$275 – report, for each contribution, the full name and address of the contributor, the amount and the date received. In the *Total per contributor* column of the third row, enter \$275.

The amount of a non-monetary contribution is the commercial value of a service (other than volunteer labour) or of property, or the use of property or money, to the extent that it is provided without charge or at less than commercial value. For example, if the campaign paid \$125 for a service whose commercial value is \$350, the difference, \$225, represents a non-monetary contribution.

2. For contributors making total contributions of \$200 or less (not including anonymous contributions of \$20 or less), on the last page used for Part 2a, enter in Row B the total amount of monetary contributions in Column 1 and non-monetary contributions in Column 2. Add columns 1 and 2 and enter the total in Column 3. Enter the number of contributors in the row below. Be sure to count multiple contributions from the same individual as coming from one contributor.
3. For anonymous contributions of \$20 or less (Amount C), on the last page used for Part 2a, enter in columns 1 and 2 the total amount and the approximate number of contributors for both monetary and non-monetary contributions, then enter in Column 3 the total amounts and the approximate number of contributors. In the case of anonymous contributions from a general solicitation at a meeting or fundraising event, be sure to include supporting documentation that includes a description of the function at which the contributions were collected, the date of the function, the approximate number of people at the function and the total amount of anonymous contributions accepted.
4. On the last page of Part 2a, enter the total amount of all contributions and the total number of contributors in the *Total amount of all contributions* and *Number of contributors* boxes.
