Filling Out the *Registered Association Financial Transactions Return*

Part 1. Declaration

This part includes contact information for the registered association and the financial agent, the required documents that must be submitted with the return and the declaration of the financial agent, which attests to the completeness and accuracy of the return.

Section A. General Information

Enter the political affiliation, electoral district code, the name of the electoral district and the fiscal year-end of the registered association. Refer to Annex I for a list of electoral district codes and names.

Section B. Registered Association's Information

Enter the registered association's contact information: full name, address, telephone numbers and e-mail address.

Section C. Financial Agent's Information

Enter the financial agent's contact information: full name, address, telephone numbers and e-mail address. If the financial agent is a corporation, enter the name in the surname box.

Section D. Required Documents

Provide all parts of the return, the auditor's report and related invoice (required if contributions or expenses (excluding transfers) are \$5,000 or more), and loan agreements, including all terms and conditions and repayment schedules for new loans made during the fiscal period.

Section E. Declaration

This section states the financial agent's declaration regarding the completeness and accuracy of the return. It must be signed by the current financial agent and dated using the format yyyy/mm/dd.

Part 2a. Statement of Contributions Received

Part 2a lists all contributions received by the registered association that have not been returned as at the fiscal year-end. For contributors whose total monetary and non-monetary contributions are greater than \$200, the full name and address must be recorded. For contributions from contributors whose total monetary and non-monetary contributions are \$200 or less, the grand total of monetary and non-monetary contributions must be recorded, along with the total number of contributors. For anonymous contributions of \$20 or less, the grand total of monetary and non-monetary contributions must be recorded, along with the total approximate number of anonymous contributors.

1. For contributors making total contributions greater than \$200, enter the following for each contribution:
 - the full name and address of the contributor
 - the date received using the format yyyy/mm/dd
 - the monetary or non-monetary contribution amount
 - in the last row for the same contributor, the total amount in Column 3 for that contributor

For example, in the case of a contributor who made three separate contributions – a \$75 monetary contribution, a \$125 monetary contribution and a \$75 non-monetary contribution, for a total of \$275 – report, for each contribution, the full name and address of the contributor, the amount and the date received. In the *Total per contributor* column of the third row, enter \$275.

The amount of a non-monetary contribution is the commercial value of a service (other than volunteer labour) or of property, or the use of property or money, to the extent that it is provided without charge or at less than commercial value. For example, if the association paid \$125 for a service whose commercial value is \$350, the difference, \$225, represents a non-monetary contribution.

2. For contributors making total contributions of \$200 or less (not including anonymous contributions of \$20 or less), on the last page used for Part 2a, enter in Row B the total amount of monetary contributions in Column 1 and non-monetary contributions in Column 2. Add columns 1 and 2, and enter the total in Column 3. Enter the number of contributors in the row below. Be sure to count multiple contributions from the same individual as coming from one contributor.
3. For anonymous contributions of \$20 or less, on the last page used for Part 2a, enter in Row C the total amount of monetary contributions in Column 1 and non-monetary contributions in Column 2. Add columns 1 and 2, and enter the total in Column 3. Enter the approximate number of anonymous contributors in the row below. In the case of anonymous contributions from a general solicitation at a meeting or fundraising event, be sure to include supporting documentation, which should include a description of the function at which the contributions were collected, the date of the function, the approximate number of people at the function and the total amount of anonymous contributions accepted.

4. On the last page of Part 2a, enter the total amount of all contributions and the total number of contributors in *Total amount of all contributions* and *Number of contributors*.

If you need more than one page to record all of the information for this part, number the pages *Page ___ of ___*.
